**Lessons 3 / 4 : Where shall we go? / Let's go to the cinema**

**Task 1: Put the verbs / words between parentheses in the right tense / form**

Today, people can watch a movie online or in theatres. Lately, many mediums, including the net, **(start) have started (present perfect)** showing movies. Time is one of the reasons why people fail to see the movie they have an ( interested) interest (noun) in watching. When you watch a movie online, there is no need for you to dress up as you can watch it while you **(be) are** on your pyjamas. Also, you may **(have) have** the opportunity to watch movies without the need to spend dollars. Many years ago, people on strict budgets, **(miss) missed (simple past)** to watch their favourite movies because they couldn't afford to buy tickets. However, there are some who still prefer to watch films in theatres because of the (feel) feeling (noun) of being in theatres. May be they arrange to meet their friends there.
