How will this work

All commissions will be digital only, and no physical results will be sent (which means the finished commissions will be presented to you as a .png)

If you wish to get a commission from me :

1. **Contact me** by any means presented in my social media links slide.
I will then say if i am able to take in your demand or not, and if yes, give you your position in the queue.
2. If I take your demand, **please provide the following informations :**
GENERAL INFOS
 - *Type of commission ? (For example : Full body lineart).
 - *How many characters ?
 - *Type of background ?
 - *Any specific wishes for the final drawing ? (For example : pastel color palette / dark atmosphere around the character)**CHARACTER INFOS :**
 - ***Personality** : Please send me everything you have on your character that you want me to have in mind when drawing them. For fanart requests too, since i might not know them myself.
 - ***Physical appearance** : If there is anything specific you want me to be inspired from (like a specific pose or anything else I can possibly do)
3. I will then give you an **approximative deadline** for your commission and **full payment will have to be done when the rough sketch is approved.**
I will **regularly update** you on the progress of it, to make sure this is what you want through the whole process.
4. When it's done, I will then send you two versions of the drawing (with and w/o watermark) by email (for optimal quality), so be sure to have your email at hand at this moment !

*Payment is done through Paypal or direct bank deposit, whatever you feel most comfortable with !

*If you decide to back off from the commission queue **after** receiving the rough sketch, **you will still have to pay 85% of the price assigned.**

*Reposting your commission(s) on any social media is allowed, **HOWEVER please use the version that includes my watermark** and give me a notice beforehand nonetheless. The one without watermark is for you personnal use ONLY ^-^
