

The murder house

Hello, I'm Lora and in my story I want to tell you what happened last week. So last Monday my parents and I moved into an old creepy house in Rosewood. Because of the many deaths that happened there, it wasn't that expensive, but because it did, my mother was very scared. I hated my new school and my parents were very strict so I was happy when I met Ted, who is now my boyfriend. Every day my mother told us that she heard strange noises, so I went to the basement. But surprise there was nothing. I THOUGHT. When I turned around, a ball was rolling towards me, but no one was there except Ted. „ Not funny Ted! ”I said and went upstairs. I went to the bathroom. I've been suicidal for half a year. And I went to the bathroom to cut myself. In that moment Ted came in and yelled at me, "Stop it!" But it was too late and I sat down on the floor. Ted shouted, "NOOOO!" He shouted and shouted and took me into the bathtub to save me. And I woke up and he was relieved. The next day, I vacillated the internet trying to find out more about the murders in the house. And when I saw that Ted's younger siblings were dying in the house and that Ted could have killed them, I was shocked. There was a link to something on our school website so I clicked on it and there was an article about a rampage and I screamed, it said Ted was the person who killed the students and who ran amok. But that wasn't all he died after! So I went to him and he told me that everyone who died in the house will live forever as a ghost in the house like him and living people can only see them if the ghost wants them to see them. I didn't believe a word he said. I just walked away angry. My mother became crazier because of the noises, that's why my father wanted to move out again. Ted said:„ no you can't move, i can't leave the house! You have to die here with me! ", „ No I am 16 I don't wanna die, help! Help! “,I yelled, „ Papa, Mama, Help! Help! He wants kill me! “He put his hand over my mouth so I would be calm. He said I should follow him because he wants to show me something. „ Ahh! “I screamed, I was lying There! I was death. I looked at him questioningly. He told me I died that day I cut myself. „ NOOO! “I cried and shouted that it can't be. So the next day I felt better with the situation being dead. But my Parents wanted to move with me and because I can't leave the house, I said they have to go out with me. I didn't mean to tell them I was dead. Surprise they don't wanted to go. A few minutes later I saw another ghost with Ted. Ted wanted too keep him from doing something, but I didn't notice anything until he sticks a knife into my mother. She was dead. Like me. My father was shooked. When he saw my mother next to her dead body. So Ted and I measured that everyone who ever died in the house comes back as a ghost and can't leave it. And I had to tell them that I am dead too. My The parents were really sad and we wanted my father to go and move on. So he went out. What we didn't know was that he would be back in the evening. The next day I went to the entrance area and saw my father, he hanged himself. It was traumatic, but I know that I'll live forever with my parents, Ted, and other ghosts. And You may not understand, but we are much happier than before we died.
