

## **LUANA'S SKERY BIRTHDAY**

*Luana has turned 13 and received a diary from her mother. Boringggggg. And this should be a scary story? No, of course not.*

*She has received a signed music CD by Michael Jackson from her mother. Her mother, like Luana, is a fan of Michael Jackson. Of course, the card is not new, but her mother had it signed by him personally at the end of the 90s. And now she inherits it to Luana. "Be careful with it. It took me a lot of effort to bring this over my heart and give it to you. And besides, it costed 5 and a half hours of my life. " "Ok Mom," replied Luana. And then, as always, she went to school. Her friends were already waiting and wished her all the best. Then what always happens in school happened. Math, german, english. Luckily, she was good in these subjects, especially in english. After school, she went to her training, where some of her friends went. She plays football, by the way. They trained until the evening and then, strangely enough, her friends just walked away without saying goodbye. They hadn't taken her with them either, even though they were actually celebrating together. She thought it was strange. But then Fliaa came back, a friend in from her, and said: "Ups, sorry we wanted to tell you that the party is moved to tomorrow. " "Why," Luana/Sofia asked. "Well, my uncle is dead, sorry. " She suddenly felt so empty and*

could only say: "My heartiest condolences and it's ok we're not celebrating today." And Fliaa already went into her father's Mercedes. And now she was alone on the football field. All the other players are gone as well. And it was at night. But Luana is actually afraid of almost nothing. So, she thought, the sooner I get home the less worried my parents are. So, she decided to go through the forest, because it was a shortcut.

*The forest at day*

So, she went straight through the forest, which was already quite dark during the day and now at

night? And it is not only rumored at school that in the forest lives the skeleton of the founder of the city. He once lived, it is said, in a hut in the middle of the city. Everyone liked the man, who was always well-intentioned. But one day, and not just any day but his birthday, he was simply found dead in his house. He was lying on the ground and it was clear that he was probably stabbed. He was properly buried, but it is said that he is waiting in the forest for the one or who killed him. That's why almost no one goes in there - although you would save a lot of time. Luana!

## LUANA'S SKERY BIRTHDAY

*Sofia thought: "Oh these are just some stories and besides I find him even more sympathetic, because he was or is Michael Jackson fan, if he is still there. So, she went into the forest alone in the dark. It was a pretty muddy way and, on the way, she had the weird feeling to be watched and her neck hairs straightened up. But she was not afraid. But she had only run 10 meters into the forest.*

DISAPPEAR BEFORE I DO THAT WITH YOU. BEHIND YOU IS THE EXIT FROM WHICH YOU CAME. SO, MY LAST WARNING: DISAPPEAR!!! *stand on a sign. "Pah, as if someone knew I was here," she said, continue running. Then suddenly, as she passed a toilet block, she heard rattling bones and something was rushing right behind her.*

*Now so slowly but surely, she began to fear herself. "W-w-who's there," she raged as she turned around.*

## **LUANA'S SKERY BIRTHDAY**

*Suddenly there was music behind her. She knew the song. This was Thriller by Michael Jackson. "What the?" she screamed. And she already heard the song, which sounded really creepy and also here in the forest, here at night. It's close to midnight*

*Something evil's lurkin' in the dark. Under the moonlight  
You see a sight that almost stops your heart. You try to  
scream. But terror takes the sound before you make it.  
You start to freeze, as horror looks you right between the  
eyes You're paralyzed, 'Cause this is thriller, thriller  
night and no-one's gonna save you from the beast about to  
strike. You know it's thriller, thriller night. You're  
fighting for your life inside a killer thriller tonight, yeah...  
Now she really was scared. "Will I ever get away from  
here," she whispered. And she was really paralyzed. She  
saw the skeleton clearly and thought to herself: "How  
did I deserve this, that my life ends like this?" "What  
have I done," she screamed, "How did I deserve this?"  
In the moonlight, her eyes shone. She cried. The skeleton  
shouted: "Bad luck for you, I had warned you." And  
then something swiped her neck. She screamed. When she  
saw it, she just thought, "No not b-lood." Now she saw the  
face of the skeleton-it was old and scary. She fell  
backwards and cried: "I couldn't know that you really  
exist. "*

## **LUANA'S SKERY BIRTHDAY**

*"HhHhHhHhHh," the skeleton laughed, "you liar. For this lie you will be the first to try my hoe. And she saw the hoe flying straight to his hand." "NO" she screamed, "please don't," this time much quieter. "You are to blame yourself. And offences must be punished. So, get up," he said. "No," she screamed. "As you like, then it only gets worse. HhHhHhHhHh," he laughed again. He lifted his hoe and asked: "Some last words?" She couldn't speak, but broke out laboriously: "I... have got...birthday...today." And the skeleton said, "Well, this is my birthday present for you," raised his hoe again and... said just before her face: "Stand up birthday girl. "What the," she said. The skeleton pulled out its head and Fliaa's uncle came out. "And this is really my gift," he said, handing her the hoe, which, strangely enough, wasn't even real. You can use it for next Halloween. "Hey," she said. Her friends suddenly came out of all the corners. "What the," she said again. "And did you like the show," asked Fliaa and everyone else laughed. "You really looked good," Kira said, "as a chickenshit. "Fy, you could really have thought you were acting. "Haha" Luana/Sofia made, "very funny and what for was it?" "Kai came up with something funny, because he knew that if you go home from training today, you want to take the shortcut through the forest. And since you are not really afraid of this forest, Kai wanted to make you a party here*

*in the forest and at the same time teach you a lesson. "*

*"Oh my God and that's why you invented it with Fliaa's dead uncle? And what about my parents? So why are you in this forest in the first place? " "Chill," Fliaa said.*

*"First, it was meant as a joke, secondly, your parents were already informed. And thirdly, this is the safe part of the forest. " "And why was there a sign in the back? What*

*about the blood on my neck? You hurt me; you know? "*

*Everyone started laughing. "Sorry, Jif said, you can't even know why we're laughing. That on your neck is not blood, that's Ketchup. And because I'm the quick specialist, I've poured so much Ketchup, that you thought that's blood. And that with the song was also Kai's idea.*

*The song just fit perfectly. Sorry if you didn't like it.*

*And that with the sign is weird, because we weren't it.*

*You must have been lucky to have escaped. By the way, the hoe wasn't floating. It was Fliaa. She was wearing*

*camouflage clothing. And if you want to give Kai another punishment, I should tell you: He messed up almost everything, because he almost laughed when you were screaming. " "WtstJ ", Luana shouted and kicked him*

*into his soft tissues. "It's more than deserved," she*

*laughed. "Mercccy," Kai moaned. Everyone started*

*laughing. And then they celebrated still enjoyable and the parents also came along. Luana would never forget this*

*birthday. Now something like this would stand here: They*

*had a lot of fun and such things. But what is a scary story without an exciting end? Yes indeed, Luana and the others had not seen something that looks like a skeleton which observed them from a safe distance...to be continued*
