

Me, my friends and the "Deep 4"

It was about 10pm and me and my best friend Jack were in the football stadium to watch the finals of the most important football cup.

"Yeaah, what a goal!" "Just one more and we're the winners!" Jack and I said with a happy voice after our favourite player, Connan Mc'Loud, scored a perfect goal. A player from the other team tried to foul Mc'Loud. "Foul!", the whole stadium shouted. *peep* The referee gave a penalty, Mc'Loud shot and scored. The whole stadium celebrated this goal. *peep, peep. peep* "It's over, we won", I was so happy that we won, I couldn't believe it. After the match and also after the award ceremony, Jack whispered something in my ear. "Hey Paul, you wanna stay here for a while? I mean, we could see everything in this stadium!" "Nah, I don't know, what if someone saw us?! We would be in big troubles", I said a little scared. "Come on, it would be so funny." Jack was trying to persuade me.

"OK, OK, I don't want to be a killjoy, so let's do it!". I knew it wouldn't be a good idea...

30 minutes later...

"Okay, I think the stadium is empty", Jack said. We've seen so many trophies and then, there was this..."Wow, Jack, look, do you know what this is?" In this moment a strange noise came. *hush*

"Jack? Jaaaaack?" Jack was gone! "Oh no, the Curse...it's true! I have to call my boys!" I don't believe in ghosts or something like that yet, but maybe it's true and a person like "Slanderman" does exist?! I typed the phonenumber of our group and called my friends, Josh, Peter and Luca.

tud tud tud "Guys, the Curse is true! You all have to come to the "Enderpark Stadium"...NOW!"

"Which curse?" Luca asked with a little tired voice. Then I said "No time to explain, hurry up!" After just 10 minutes all my friends were at the stadium, so we started to look after the missing Jack. We searched the whole stadium, but no trace of him. After the searching we heard a strange and also scary voice. "BOO!", the voice scared us. "Just a joke...hahaha. You wanna know where your friend is, right? Well...I can help you. Maybe now you think I'm crazy, but when I was in your age, I was in the same situation like you.

I know how you're feeling." It was strange because we didn't know him but it didn't matter. We just wanted to find our friend Jack, so we said " Yes, please help us!" But the voice was gone...After a while a little map popped up in front of us. "This is a map of our city!" "There is a cross!"

"It's near the old children's hospital in the Pullmanstreet!" We found out and decided to go there...

In the Pullmanstreet

"Ewww, it's so dirty here!" Oh yes, it was! While we were going to the hospital Luca asked me, which curse I meant. I told him that the Enderpark Stadium is cursed, because all 7 years, 10 kids disappear in a creepy way... "I can see it!" Peter was right, we were at the hospital, but we didn't know how to come in. And in this moment a creepy creature came up through the floor. "Hello, we've already expected you :)" the dark version of Abraham Lincoln said. He also told us that he is the captain of the "Deep 4". One of the most scariest teams of the world. "Let's go in our stadium, it's under the earth." We stood there like trees, nobody was moving. "Come on, it's cold here!" After a while we went down with him. In his huge fortress we saw his "teammates" and also: "JACK!"

Yes, we found Jack! " No, no, no; you can't get Jack back! First you have to win against us!" he said. " You - you know that's nearly impossible, right?" Josh whispered in my ear with a depressed voice. and I knew it was very hard. "But how does my grandpa say? Right - Nothing is impossible!" I tried to cheer him up. "Ok, we'll do it for Jack!" We played against the creepy monsters in a black, bloody and also foggy stadium.

I don't really have words for this but I can say:
THAT.WAS.ABSOLUTELY.SCARY. Normally we play against other kids in our age, but this was a horrible situation. The game was so exciting, more exciting than the real game in the stadium.

1:0, 1:1, 1:2, 2:2 and in the last attack from "Deep 4" they scored. And that just because they played so unfair, they scared us every time we turned around!

"Ohhh, you lost! Now, go away and never come back!" Right after the horrible monster said this, we went straight up back upstairs to the fresh outside. After a while the strange voice came again and said with an angry voice "You all are so silly. I gave you a chance to get back your friend and you just didn't take it!" Oh damn that was so terrifying. Then he said angry and loud "Mhhh, I'll give you an other chance. Come with me!" So we went with him to the other side of the hospital, there were three different boxes, dirty and slimey, in every corner were spiderwebs and big fat spiders. The voice said "OK, you see three boxes, but just one, is the right to enter. In the first box is a lion, who didn't eat something for 6 months. He will eat you in seconds. In the second box are about 4.000 spiders with a deadly bite. And in the third box is a witch, who will transform you in a big, fat pig."

This puzzle wasn't really hard. I saw it last day on YouTube. So I said "The correct answer is...The first box, with the lion. If he had no food for six months, he would be dead." The answer was right, again, yes! We went inside the box and saw a lift. "Well, this would be disgusting but let's drive with it."

I said and after I said it, Josh looked at me and said disgustedly "Ewww, no, are you crazy?!" Peter and Luca agreed with him. So I had to do the only right thing "Ok, then I have to go alone." I entered the lift. It was so, so filthy. As I arrived in the stadium, I saw that the "Deep 4" were sleeping. I run to Jack and saved him. We took the lift to go back. Our friends waited for us and we all run home as fast as we could. I felt like I was Usain Bolt!

I thought everything was fine until I opened the house door...

"Hello!" The captain of "Deep 4" stood in the hallway...*huh*

In the next moment I woke up and realized "Oh no, today is the real match." I knew I had to call someone, so I typed the number 5614/30017. "Hello?" he asked. **"Jack?!"**
