

- Are We There Yet?

Are We There Yet?

With the massive amount of dark esoteric energy already removed, readiness of our new financial system in place plus the many arrests completed and many more to come... we often ask “are we there yet”.

Many believe that when the GCR/RV happens and enough arrests have happened, NESARA/GESARA happens along with the new financial system in place we will be free! **FINAL VICTORY!**

However, the ultimate resolution is being processed daily by Prime Creator of Light with the end of darkness and the transitioning and uplifting of humanity to their natural state as light beings and their

ultimate ascension.

Darkness is being terminated moving us ever closer to **our ascension.** **We will no longer be fixing a 4th dimensional society but advancing to a 5th and higher dimension in a new paradigm of pure light** where there is nothing to fix. We will then be exiting this Earth and **transition to our light bodies never to experience darkness again.**

Although we are doing our best to roundup and imprison dark beings and bring **new prosperity to Earth,** this will not end the next generation of darkness. The only way to totally be free of darkness will **be to rise up (ascend) into a new high vibrational paradigm.** **As Creator's light is continually raising our vibrations,** we will manage and contain darkness as best we can in the 4th dimension

**bringing forth the GCR/AR,
NESARA/GESARA and abundance.**

**We are in an interim step to allow
humanity to awaken from this
controlled limiting matrix preparing
us for our ultimate ascension and a
wonderful new beginning where light
and love reign supreme and darkness
is banished forever.**

May you be blessed,

Tom
