Born in Palma de Mallorca (Spain) in 1989, raised in Portugal (Porto) and France (Paris), I graduated in architecture at the University of Liège (Belgium) in 2015. After several travels around the world, between 2015 and 2019, I am now living in Italy. Addicted to dotwork illustration and inspired by the belgian surrealism movement, I try to create poetic visuals with multiple interpretations.

"La beauté sauvera le monde."

Each serie of prints is a limited edition of 20x or 5x prints.

All prints are numbered and signed.

Printed on 300gr smooth paper.

All drawings are designed by me.
