

## The Secret Pact

Anonymous, June 21, 2002

It is an unusually resonant text that we are offering today. It appeared on the Internet 19 years ago, on June 21, 2002, the day of the summer solstice, a detail that is far from trivial when one knows the passion of the Illuminati for symbolism and rituals. Its author is unknown, but one thing is certain: by choosing this date, he intended to "spoil" the party. Here is the French translation.

What is described there may seem excessive to some and almost outdated to others and yet, it is clear that the points raised there echo the interviews of whistleblowers. We will also see that the exposed pact seems to materialize every day ... to the rhythm of the tale of the frog by Olivier Clerc who did not know that it was already cooked.

Is he genuine - either the work of a veritable "Illuminati insider" who has disassociated himself from his masters - or not? To tell the truth, it does not matter. What counts in return is that he invites us to open our eyes and ask ourselves the questions that arise in the face of the immense excesses of which we are spectators every day and even more. It is therefore timely that this text has reached us.

As an example, quite recently (5/16/2011) the American journalist and historian Webster Tarpley (author among other things of the "Unauthorized Biography of George W. Bush") revealed the contents of the writings of John P. Holdren , the current White House scientific adviser, and the elite's "recommendation" for an optimal world population of one billion people... numbers written in black and white.

## The Secret Pact

Anonymous, June 21, 2002

French translation: May 2011

- The illusion created by our pact will be so huge, so vast, that it will escape their notice.
- Those who see her will be taken for fools.
- We will create separate fronts to prevent them from seeing the

connections that exist between us. We will behave as if we are not connected to keep the illusion alive. We will distill our objectives drop by drop so as not to arouse suspicion. This will also prevent them from distinguishing changes as they occur.

- We will always place ourselves above the relative field of their experience because we know the secrets of the Absolute.
- We will always work together and remain bound by blood and secrecy. Death will come to whoever speaks.
- We will keep their life expectancy short and their intellect weak while pretending to do the opposite.
- We will use our knowledge of science and technology in subtle ways so that they never realize anything.
- We will use metals, accelerators of aging and sedatives in their food and water as well as in the air.
- They will be surrounded by poison on all sides.
- Metals will cause their intellectual degeneration. We will promise to find treatments by mobilizing ourselves on all fronts but we will poison them more and more.
- Said poisons will be absorbed by the skin, by the mouth and destroy their mind and their reproductive system.
- For all these reasons, their children will be born dead, and we will hide this information.
- The poisons will be concealed in everything around them, in what they drink, ingest, breathe and in the clothes they wear.
- We have to be resourceful in this regard because they have the ability to see far.
- We will teach them that poisons are good by playing funny pictures and

musical tones.

- Those they respect will help us as we will enlist them to advance our poisons.
- They will see our products used in movies and get used to them without ever knowing their true effects.
- From birth, their children will be injected with poison in the blood and we will convince them that it is for their good.
- We will start when the children are toddlers, their minds are young, and we will target them with what the children prefer – sweets.
- When their teeth start to deteriorate, we will fill them with metals, which will destroy their minds and destroy their future.
- Once their ability to learn is affected, we will create drugs that will make them sicker still and cause other conditions for which we will invent other remedies.
- We will make them weak and docile by the strength of our power.
- They will become depressed, retarded and obese, and when they come to ask for our help, we will always give them more poison.
- We will focus them on money and material goods so that they can never relate to their Inner Self. We will distract them with fornication, pleasures and outdoor games so that they never become one with the Whole.
- Their minds will be ours and they will do as we tell them. If they refuse, we will find a way to implement technologies that may affect their perceptions.
- We will use fear as a weapon.
- We will establish their governments as well as the opposition parties. Both sides we will belong.
- We will always hide our goals, but our Plan will be completed.

- They will work for us, but we will reap the rewards.
- Our families will not mix with theirs, our blood must always remain pure, for that is the formula.
- We will have them kill each other when it suits us.
- We will keep them away from Unity through dogma and religion.
- We will control all aspects of their lives and tell them what to think.
- We will guide them gently and gently, letting them believe it is theirs.
- Through our factions, we will foster animosity among them.
- When a light shines among them, we will make it go out with ridicule or death, whatever suits us best.
- We will push them to tear the hearts of their spouses and kill their own children.
- For this, our ally will be hatred and anger our friend. Hatred will blind them completely and they will never realize that their conflicts make us their leaders. They will be far too busy killing each other.
- They will bathe in their own blood and kill their neighbors until such time as we deem suitable for our assault.
- We will benefit the most because they will not see us, for they cannot see us.
- Their wars and their deaths will allow us to prosper more and more.
- We will start over and over again until we achieve our ultimate goal.
- We will continue to make them live in fear and anger through the diffusion of images and sounds. We will use all the tools at our disposal to achieve our ends.
- The tools will be provided to us by their work.

- We will make them hate themselves and their neighbors.
- We will always hide from them the divine truth, the fact that WE ARE ALL ONE, that they must never know!
- They should never find out that skin color is just an illusion, they should always think that they are not equal.
- Step by step, imperceptibly, we will advance our goal.
- We will take their land, their resources and property, their health, to exercise full control over them.
- We will abuse them by making them accept laws that will deprive them of the little freedom they still have.
- We will establish a monetary system that will imprison them forever and put them and their children in debt.
- When they succeed in joining forces to oppose us, we will accuse them of crimes and present a different story to the world because then all media will be ours.
- We will use the press and its sentiment in our favor to control the flow of information.
- When they rise up against us, we will crush them like insects because they are even less than that.
- They will be unable to do anything because they will not have weapons.
- We will recruit some of them to carry out our plans, we will promise them eternal life, but everlasting life they will never have because they are not of us.
- The recruits will be called "initiates" and they will be indoctrinated to believe in false rituals, false rites of passage to higher spheres. Members of these groups will think they are one with us but will never know the truth. They must never know this truth or they will turn against us.

- They will be rewarded for their work with earthly goods and honorary titles, but they will never become immortal or join us. They will never receive the Light nor will they travel to the stars.
- They will never reach the Upper Spheres because crimes against members of their own species will prevent them from moving into the realm of Enlightenment. That they will never know.
- The truth, although before their eyes, will be hidden from them. She will be so close to them that they will not be able to focus on her and when they can finally see her, it will be too late.
- Oh yes, the great illusion of freedom will be so great, that they will never know that they are our slaves.
- Once everything is in place, the reality we create for them will own them. This reality will be their prison. They will live in denial and refusal to see.
- When our goal is achieved, a New Era of Domination will begin.
- Their minds will be hampered by their beliefs, those beliefs that we have established since the dawn of time.
- But, if they ever manage to find out that they are our equals, then we will perish. **THEY NEVER HAVE TO KNOW THIS.** If they ever find out that together they can defeat us, they will act.
- They should never, ever find out what we have done because otherwise we will have nowhere to hide. Once the veil has fallen, it will be easy for them to see who we are. Our actions will have revealed who we are, they will hunt us down and no one will come to our aid.
- This is the secret pact by which we will live for the rest of our present and future lives, for this reality will transcend many generations and lifetimes.
- The pact is sealed in blood, our blood. We are the ones who came from Heaven to Earth.

- The existence of this pact must NEVER, NEVER be revealed. It should NEVER, NEVER be written or commented on because this would generate such awareness that it would draw upon us the fury of the GREAT CREATOR and we would be sent back to the depths from which we come to stay there until the end of time, to eternity itself.
