REACH THE THIRD
DIMENSION WITH US

READY TO GO
BRUSH PERFORMANCE
& INNOVATION

TWISTY 3D PRINTED BRUSH

FOR VOLUME & LENGTH

BIO-BASED

Many reservoirs to load the formula

Irregular surface to grab more formula

3D Printing benefits

- **Boundless creativity:** all designs – no limit to creativity
- **Short lead times:** from conception to production
- **Cost reduction:** during development phase
- **Speed to market:** low quantities to industrial scale

Twisty Brush: back to volume

- Exceed your limits, volumize your gaze!
- The **complex** design is specifically studied to create a lot of little reservoirs for the formula that allow an instant loading on your lashes
- **Volume & length** at the same time

Special bristle shapes to grab the lashes

TECHNICAL SPECIFICATIONS
