

### Project details

<b>Project no.</b>	15057977	<b>Weight of load [Te]</b>	1687.00
<b>Project name</b>	Transport 3x STS crane Zeebrugge	<b>Country</b>	Belgium
<b>Client</b>	ZPMC	<b>Industry</b>	Marine
<b>Year</b>	2020		

### Work description

Transport of 3 STS cranes from mid stack to end.

For the first and second transport the (Ex Kursk) GB-STs beams are used.

The third transport is performed using the (Ex Clair ridge) GB-CL-L2800 beams. During pickup of the crane a jacking step was done using rails plates for temporary setdown.

### Used equipment

Category	Type	Amount	Description
Trailers	SPMT	76L	
Gantries	Gantrybeam	2	GB-STs + Nose beams
