ABOUT US

Founded in 1989, Macogep is a Project Management company that offers fully integrated professional services. Our multidisciplinary teams bring together talented individuals renowned for their expertise, attention to detail and integrity.

For over 30 years, Macogep has built its reputation on its independent approach that focuses on project performance. Through our unique business model, we deliver impartial services designed to protect the interests of our clients and the financial institutions supporting their projects.

Macogep adheres to high ethical and compliance standards.

Our offices are in Montréal, Québec, Paris, Lyon and Bordeaux.

MISSION, VISION

Supported by our diverse talent pool, Macogep endeavours to provide our clients with the most effective solutions for their projects.

MISSION

As a project management leader, Macogep is dedicated to ensuring the success of its clients' projects.

Combining know-how with creativity, we build long lasting trust-based relationships with our partners.

VISION

Remain the number one choice of our clients, partners and employees.

& VALUES

Our core values contribute to creating an environment where our people can flourish and develop. They also ensure the success of our clients' projects.

INTEGRITY. The cornerstone of our independent business model, integrity drives success – both our clients' and our own. We are committed to operating an ethical business.

TRUST. All our relationships are built on trust, with our clients, employees and business partners. Trust is what allows us to work as a team in a collaborative and productive environment.

EXCELLENCE. At both the personal and professional level, excellence means striving toward perfection and involves the acquisition and constant development of new knowledge and skills.

INNOVATION. It pushes us to constantly seek out new solutions and improve how we do things in order to anticipate change, in both management practices and technology.

OUR TEAM

Macogep's success is built on the expertise of its multidisciplinary team of **70 professionals**, including project management and construction management specialists.
