«THE CAPITAL OF THE CAPITAL»

Napoleon III was the nephew of Napoleon I. In order to compete with the city of London, Napoleon III commissioned Georges-Eugène Haussmann to expand the city of Paris. Haussmann enlarged the limits of the city, built wide boulevards, designed squares and parks, and created the Haussmannian style buildings.

THE CITY

A SHORT HISTORY

THE PANTHEON

Look for this symbol around you. It is the starting point of the game!

Stand on the symbol and look around you. Try to find the coat of arms of the French kings. It will lead you in the direction of a lady who played an important role in French history.

I HELPED THE FRENCH KING'S ARMY DEFEAT THE BRITISH. I ALSO BROUGHT HIM TO HIS CORONATION CEREMONY IN THE CITY OF REIMS.

SENTENCED TO DEATH

IN THE CITY OF ROME AT
THE AGE OF 19.

WHAT IS HER NAME?
FIND IT IN THE

Now, reach the crypt!
On your way there,
you should see the patron
saint of Paris.

MONA LISA
LEONARDO DA VINCI

This painting is shrouded in mystery. For many years, historians could not figure out who the woman was. The official hypothesis today is that the lady posing could be Elisabetta Garavito, the wife of Francesco de' Guicciardini. Can give birth to three children and to celebrate their arrival, Francesco arranged a special feast in Leonardo's studio. During the night of August 22nd, 1501, an Italian man, Nicotro Perugino stole the Mona Lisa and brought it back to Italy. The painting was finally found some years later. It was on display for a while in Florence before moving back to the Louvre museum.

Leonardo da Vinci started to paint Mona Lisa between 1503 and 1506. Over the years, the colors of her clothes faded. Can you find out which colors are authentic?
