Guide du manuel de la boite Opération Black Winds :

First, using an airbrush or a spray paint, prime the model applying a thin layer of black primer. Then, apply two thin layers of grey.

Highlight the face with VMC Sunny Skintone #70.845 by adding it to the base color. To highlight the base color of the armor, just apply VMC White #70.951. Do the same with the outer side of the pants, with a 1:1 mix of VMC Violet #70.960 + VMC White #70.951. Then, paint the inner side of the pants with VMC Medium Sea Grey #70.870.

Paint the base color of each part of the model. Following that, apply several washes to get more definition. The colors used came from the Vallejo Model Color (VMC) and Vallejo Game Color (VGC) ranges.

Paint the straps with VMC Mahogany Brown #70.846, highlighting them with VMC Sunny Skin Tone #70.845. Then, highlight the inner side of the pants with a 1:1 mix of VMC Medium Sea Grey #70.870 + VMC White #70.951.

▶ **Face:**
