Privatization rates and menus on request

Béziers is located in a **land** that is **generous** in beautiful and good products.

Chef Mathieu Bessière's pleasure is to make us discover **fresh and local products**, with his creative and modern vision. He **favors and values** a collaboration with **regional producers**, carefully selected and respectful of the environment.

Our **BAR** offers a menu of **small gourmet dishes** throughout the day. A friendly standing area where glasses and plates mingle.

Our **BISTRO** has a **180 degree view** on the Orb valley. It offers a simple and qualitative cuisine, respectful of the products and the seasons, in a refined place with a relaxed spirit. Its weekly lunch menu is renewed every week, to offer you a selection between 3 starters, 3 dishes, 3 desserts and a tasty, colorful and evolving menu. The full menu is 26 € at lunch and 36 € during the evening and starter/main course or main course/dessert is 22 € during lunch and 29 € in the evening.

To complement the Chef's cuisine, we offer a selection of quality wines with an emphasis on natural and **biodynamic wines**.

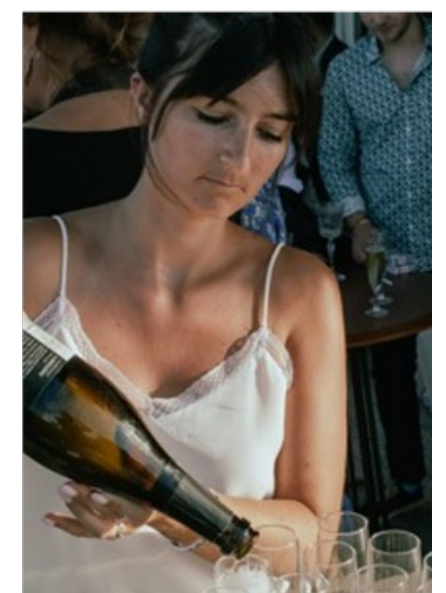

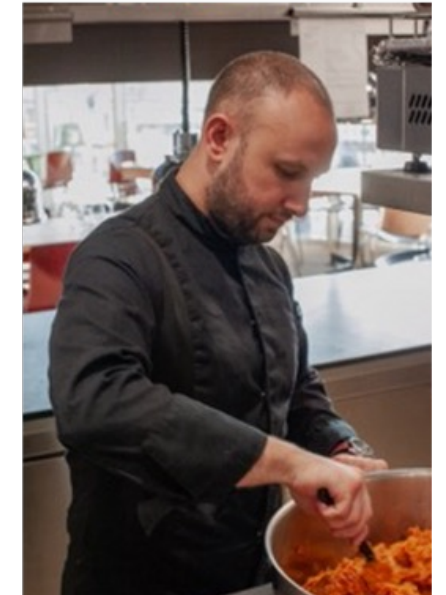

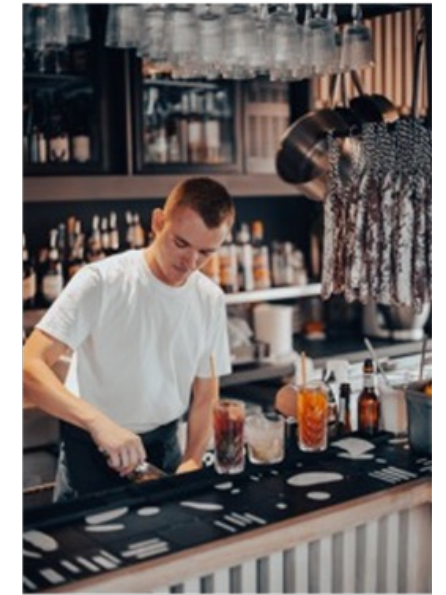

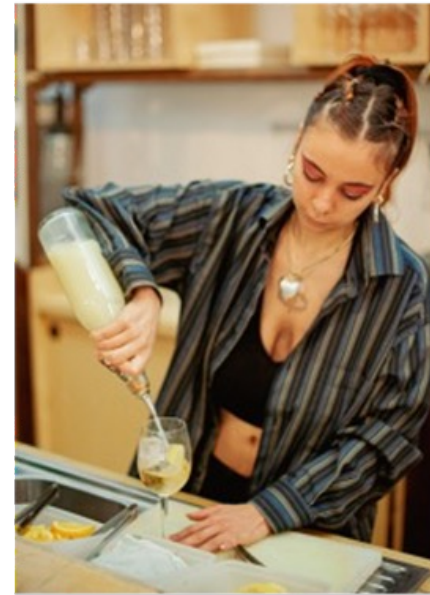

OUR ROOMS

The building offers 50 rooms with vaulted ceilings, yet there are no longer bars on the windows, which have been widened to reveal views of the Cathedral of Saint-Nazaire or the Narbonnais plain. For a monastic atmosphere, we offer you the cell in its different versions (single, standard, triple). For business trips or romantic getaways, we recommend the Cosy, a spacious room with a real office area, often with a separate toilet. The Comfort room is an all-in-one room, with the advantage of air-conditioning. If you're looking for a stay with friends or family, we recommend the Family Suite or the Atypical Room.
