

## Letter of Recommendation for Alexandre UY

Dear Sir or Madam,

I am delighted to be called upon as a reference for Alexandre UY. I have known him as a full-time graduate student in the department of computer science, CY TECH|CY Cergy Paris University, in my capacity as professor of “Databases administration and treatment”.

While being a student of mine, I can say with confidence that he was one of the best students of his graduating class. He was committed to his study, and his dedication and high standards in completing whatever was required to succeed was remarkable. Alexandre is a very driven and hard-working person.

He has excellent interpersonal skills and is an effective team member with great spirit. He was always involved by his colleagues in order to help them during the practical sessions.

Always looking for participative and dynamic leading methods he invests time and energy in the evaluation projects.

Alexandre is at an important stage in his career and I am persuaded that this position will allow him to achieve the very high standards he is aiming for. I trust that he will become a successful Customer Engineer for cloud Computing.
